## Onward, Christian Soldiers

## Memorial Service

"The Bow Island and Burdett Reviews" have been asked to publish in their "Reviews" the following "Announcement of a Memorial Service" on June 11th. in honor of our Heroes who fell in the Great War, fighting Loyally for the great principles of "Real Justice and Equity to all Men"

For Announcing such a worthy Meeting, the "Review" publishes it "Free of Charge"  
"The Review" "Salutes" with dimmed eyes, the memory of those long lines of Heroes, and to the stirring strains of "Onward, Christian Soldiers," played by a Heavenly Band, may they march in Battle Array under the Golden Banner of their Eternal Leader, to fight again the "Good Fight" against the Hordes of Sin and Wickedness and Injustice

They are not Dead—They liveth for Evermore

## Great War Veterans' Association

To Hold

## "Memorial Service"

On 11th. June

### Taber Miners' Band to be in Attendance

The local Great War Veterans' Association have arranged to hold a Memorial Service in honor of the Fallen Dead, of their comrades in Arms during the late War. Sunday, June 11th. is the date fixed

The Taber Miners' Band have kindly consented to furnish the necessary Music and Invitations have been extended to all surrounding Locals of the G.W.V.A. The Service will be held in the Park at 3 p.m. (weather permitting) and will be in the nature of a Military Church Parade.

Rev. C. G. Hockin will conduct the Service.

A general Invitation is extended to all Veterans not otherwise notified, to join in this parade, as well as to the general Public to attend the Service

The Taber Miners' Band intend holding a Sacred Concert in the G.W.V.A. Hall at 8 o'clock in the evening to which the public are cordially invited to attend

It is to be hoped that the Citizens of Bow Island and District will take advantage of the opportunity to hear this Band also to join with the Great War Veterans in perpetuating the memory of the many fallen Heroes of the Great War

## Province of Alberta Department of Municipal Affairs

## Bow Island News

Mrs. W. Forsythe and baby left for McLeod last Monday to visit her father Mr. Drinkwater

Mrs. G.M. Ridgedale and family are leaving for Vancouver on June 14th. for a visit with Mrs. Ridgedale's parents

A Dance was held in Mr. A. Gragg's barn S.E. of Bow Island last Friday night after a game of Baseball had been played. A good crowd came from all the neighbouring farm houses to enjoy the evening. Mr. and Mrs. Gragg are well known as being delightful entertainers and their hospitality has been always of the best, so that everyone had a delightful time and danced to their heart's content, an excellent lunch was served, to which all did justice

The funds which were raised by the Dance all go towards the Baseball Club of that district

Rev. Theo. Danielson left last Monday for Chicago to attend Lutheran Conference in Minneapolis and also to visit his mother in Chicago

Mr. Tom Connerspod of Maleb was in town on Monday on business and was the guest of Mr. and Mrs. Horlbut

Mrs. C.H. Bailey left for her home in Vancouver last Monday after visiting her mother for three months

The Penny Sale and Lunch of the United Ladies' Aid was very successful, everybody enjoying themselves

Mrs. A.E. Anderson and daughter Peggy left last Friday evening for Toronto on a visit for a couple of months

The farmers in these Districts have all their Wheat sown and they are now busy sowing Oats

Many are now busy Summerfallowing

The heavy rains we have had lately have made the Pastures look fine and the Stock are now looking good

Labor supply has been sufficient. The general outlook for a Good Crop was never looking better than this year

The Grasshopper Pest is being well looked after by the "Real Farmers."

It is a Pity our Scientists don't or can't, "Plan out a Scientific Method for exterminating the Cut Worms"

Many Farmers think 4 or 5 Torches on every quarter Section, lighted at night from now on, would kill Millions of these Miller Moths that are the cause of the Cut Worms, because Moths always dash themselves into a flame, and so in time we will be quite clear of the "Cutworm Pest"

## Oriental Line Steamer Sinks After Collision With French Vessel

Brest, France—Nearly 100 persons perished when the Peninsular and Oriental Line steamer Egypt sank off the island of Ushant after collision with the French steamer Seine, Saturday night.

The Egypt sailed from London for Bombay on Friday with 44 passengers and a crew of 230. A roll call on board the Seine, after the disaster, showed that at least 15 of the passengers and 80 of the crew were missing.

The collision occurred during a dense fog, within 22 miles of the Arzon lighthouse. The dinner gong was about to be sounded on board the Egypt. Many of the passengers and most of the men were in deck chairs. The shock threw persons into the sea, others jumped and a number went down with the ship, which sank in 25 minutes. The Egypt was rammed amidships on the port side.

The Seine, badly damaged, reached Brest with 28 rescued passengers, more than 200 of the crew and the bodies of 20 dead. The captain of the Egypt is among the saved.

When the collision occurred there was a rolling sea. Some of those rescued charged that the Indian sailors on board the Egypt took to the lifeboats immediately the vessels crashed, so that a large number of the passengers and crew had to shift for themselves. Those who jumped from the sea and who could swim scrambled about for bits of wreckage to which they might cling. Many of these were rescued. They floated away in the fog after the Egypt went down, calling for help.

In some instances the rescuing crews came upon persons clinging to bits of debris who lay on and sank just when aid was at hand. The small boats on numerous occasions sought vainly in the fog to locate persons making cries of distress. Among the known missing are the doctor and chief engineer of the Egypt.

The Egypt was a vessel of 3,000 tons. The Seine was bound for Havre when the disaster occurred.

### Recover Canadian Market

London—A week-long revival of trade has occurred in the New South Wales tin plate industry which despite the total absence of buyers from Central Europe is now working at 70 per cent. of capacity. One of the most re-assuring features is declared to be the recovery of the Canadian market which the Americans captured before the war.

**Irish Peace Negotiations Fail**  
Dublin—The peace committee of the Dail Eireann, which has been trying to find a basis of unity of the Irish factions, formally resigned today to the Dail a breakdown of the negotiations.

## Griffith Condemns Action of Minority In Causing Delay

Dublin—Speaking to his motion picture on the elections for June 16—Griffith shouted, "and they find some trouble in having our lives." He continued: "We have offered our opponents five seats for the one they will be able to win and have even offered to allow them their existing seats, but have had no result. It is a threat of civil war. If we are faced with an armed force, we shall not be able to shed blood rather than to let the people to be branded with greater injury than Dermot MacMorrough."

Kevin O'Higgins, secretary of the Griffith motion, provoked a series of angry recriminations with de Valera who stoutly denied O'Higgins' assertion that de Valera had told the young men of Ireland they would have to shed Irish blood and the blood of the present rulers and other disorders to incite him to de Valera.

Charles Burgess reviewed the whole course of the peace negotiations, provoking some angry passages with Griffith. He declared that the Griffith motion recognized partition of Ireland. The elections, Burgess believed, ought to be on an adult suffrage basis and in the 32 counties of the Republic ought to give an entitlement to the United States to decide by the results. If this were done he was ready to resign the elections, but otherwise he advised the Dail to vote against the motion.

## Casgrain Says Canal Would Increase Rates

Ocean Vessels Would Not Compete  
With Low Charges

Ottawa—Resuming his speech on the St. Lawrence ship canal in the Senate, Senator Casgrain declared that its construction instead of cheapening rates would increase them. May 5 the rate on wheat from Port Arthur to Montreal including all charges was 16 1/2 cents. No ocean vessel would ever enter the great lakes and compete with that port.

A ten-hundred-ton tramp steamer costs \$800 per day to operate, and it would take fifty days for a return voyage from Liverpool to Quebec. Such a ship would carry only two hundred tons and hundreds of grain at 11 cents per bushel. It would take a net loss of \$150,000 dollars. Lake carriers could handle five hundred thousand bushels of grain on an average. They could come down the river and go to the lower lakes and get a complete cargo of coal back. They could make the return trip in ten days with a revenue of \$11,000.

## Investigate Alleged Turkish Atrocities

London.—Favorable reports have been received by the British Government from France and Italy to Great Britain's proposal to send a commission to inquire into alleged Turkish atrocities in Anatolia. No reply has yet been received from the United States Government, but hope was expressed by the Government that the United States would be able to participate in the inquiry. It is considered that the Allied High Commission in Constantinople may designate certain persons to form a part of the commission which may include neutrals.

## Expect Reduced Total Acreage in Wheat

Saskatchewan Will Suffer Most According to Weekly Crop Report  
Winnipeg—"From present indications we anticipate a somewhat reduced total acreage in wheat this year," stated the weekly crop report of the Grain Trade News issued here.

"While Saskatchewan will perhaps suffer from an acreage reduction of 5 to 12 per cent, Alberta and Manitoba may both be expected to have made a gain of from five to 10 per cent," the report continues. It listed last year's figures of wheat acreage estimated by the Dominion Bureau of Statistics and taken then the acreage for the two years might compare somewhat as follows in round figures: Manitoba—1921, 2,560,000; probable 1922, 2,720,000; Alberta—1921, 3,120,000; probable 1922, 3,500,000; Saskatchewan—1921, 3,250,000; probable 1922, 3,120,000; probable 1922, 3,200,000.

Imported Live Canadian Cattle  
London—Replying to a question in the House of Commons, Sir A. Giffith Boscawen, Minister of Agriculture, said 31,574 live cattle for food had been imported into the United Kingdom from Canada in 1921 and 2,153 in the first four months of this year. No importation occurred in 1919 and 1920.

**Verolus Is Active**  
Naples—The volcanic verolus is in eruption with renewed violence, sending large quantities of lava and clouds of dense vapor. It is not known what the present eruption will do against the surrounding territory.

Spend your money at home, thereby helping your own town and local merchants.

**Early Sailing on Northern Route**  
Steamer Northland Is Carrying Full Cargo for Fitzgerald  
Edmonton—The steamer Northland, Capt. P. J. McLaughlin, Fitzgerald, May 16, according to notices received by the Northern Trading Company. This is said to be the earliest sailing on the northern route on record. A clear channel is ahead which is expected that some ice may be encountered on Lake Athabasca.

The Echo carried a full cargo of freight and mail, including the winter's accumulation of second-hand goods, but have had no time to load machinery for the oil camp at Hay River is aboard and more will follow on the next trip.

**Unemployment in B.C. Decreasing**  
Victoria, B.C.—Unemployment throughout British Columbia has decreased so rapidly that in some parts of the province it has practically disappeared altogether.

Provincial employment officers in their reports to the Department of Labor, state that they are now placing men more readily than before, provided weather conditions are given as partly a cause.

**British Settlers for B.C.**  
Victoria.—Sir William Keith Thomas, noted war correspondent of the Daily Mail of London, has arrived here to spy out the land on Vancouver Island for the settlement of agriculturalists, who it is proposed will emigrate from the British Isles.

Sir William was sent out by Lord Northcliffe as a result of the burning of Canada during his last year.

**Further Message to U.S.**  
Paris—The Havas correspondent at Lyons understands that Premier Lloyd George has sent another message to the United States Government giving a full explanation of the plan for the meeting of the experts commission at The Hague.

## Huge Sum Is Voted By House of Commons For Government Railways

## Oriental Problem For Whole of Canada

Ottawa—Following a discussion the House of Commons passed railway legislation which will cost approximately fifty millions of dollars. Of the total thus voted for the Government railway system, \$12,500,000 is for the Canadian trunk; \$25,750,000 for the Grand Trunk Pacific. An item of \$7,000,000 on Canadian Government Railways still remains to be voted, however, and on this there may be no discussion.

## Understanding With France Is Necessary

Should Also Have Good Will of U.S., Says Viscount Grey

London—Viscount Grey, former Foreign Secretary, in a letter to the Liberal Federation meeting, expressed his opinion on the Canadian Pacific Railway. He said that the railway was a success, but that it was a success only because of the understanding with France. He said that the railway was a success only because of the understanding with France. He said that the railway was a success only because of the understanding with France.

"I cannot believe that either of these things would not have shown genuine good will had they been consulted beforehand," he continued. "The Canadian people are not only a people of good will, but they are a people of good will."

"I continue to believe that an understanding with France and the good will of the United States is the only sound foundation for economic reconstruction and peace. Both these essential conditions have been rendered more difficult or less likely by the Genoa conference."

## League Will Consider Mandate for Palestine

Meeting to be Held Not Later than July 15

Geneva.—The Council of the League of Nations decided to hold a special meeting not later than July 15 to consider the question of approving the British mandate for Palestine. Lord Balfour in a speech before the council, said that the League of Nations would consider the mandate for Palestine.

**Best Care Bestowed  
On Soldiers' Graves**  
King George Pleased With Splendid Work of Commission

London—His Majesty King George has written a letter with regard to his visit to the war graves in France. He said that the work done by the commission was splendid. He said that the work done by the commission was splendid. He said that the work done by the commission was splendid.

**Honorary Degrees Awarded**  
Feature of Convocation Exercises at Manitoba University

Winnipeg—A feature of the convocation exercises of the University of Manitoba here at which 200 graduates were conferred with honorary degrees was the awarding of honorary degrees to the Minister of Education, Dr. J. H. Baird, of Manitoba College, Robert Fletcher, Deputy Minister of Education, and Rev. A. H. Baird, of Wesley College and a Methodist minister of Western Canada.

**Gift of French Government**  
France Gives Stone for a Memorial at Ottawa

Ottawa.—Premier Borden has notified the Government of the desire of France to contribute a monument of Lorraine stone to be used in the construction of the memorial chamber in the Parliament Buildings.

In accepting the offer, Hon. W. L. Mackenzie King, Prime Minister, said that the gift, in addition to its practical usefulness, "will serve as a perpetual memorial of those Canadians, sleeping in the soil of France, who gave their lives in defense of those principles of liberty and justice upon whose vindication the future of the nations depends."

**Chinese Delegation Leaves Tokio**  
Tokio.—The entire staff of the Chinese delegation here left Tokio with out notifying the Foreign Office, declaring that their departure was due to the failure of Peking to supply funds for Chinese students here and the refusal of Japanese banks to make further advances on the ground of lack of security.

**Loss Shown Here in Fire**  
Ottawa—The fire at the Ottawa Valley mill on Saturday night, which destroyed the mill, belonging to H. C. Cox and Sir Adam Beck, was burned to death when the arena in which Hugh Wilson's fight was being held was burned to the ground. The arena probably cost \$25,000.

**Doesn't hurt a bit!** Drop a little "Frodox" on an aching corn, instantly that corn stops hurting, then shortly it falls off and never troubles you again!

Yes! You druggist sells a tiny bottle of "Frodox" for a few cents, sufficient to remove every hard corn, corn, corn, without serious irritation.

**Drumheller Mines May Re-open**  
Calgary—Mines operators of the Drumheller Valley may start mining this season June 15, according to a special dispatch received here. Meantime, however, operators are awaiting announcement of a decision by the oil commission board, which now stands adjourned.

**Mortgage Sale of Farm Property**  
Pursuant to the direction of the Registrar and by virtue of the Powers of Sale provided by "The Land Titles Act," under a certain mortgage which will be produced at the time of the sale.

There will be offered for sale by public auction at the Post Office in the Town of Whitha, in the Province of Alberta on Saturday the 24th. day of June 1922, at the hour of 2 o'clock in the afternoon, the following property, namely:

The South East Quarter of Section 15, Township 11, Range 8, West of the 4th. Meridian, in the Province of Alberta, containing by admeasurement 101 acres, more or less. Reserving unto His Majesty, His Successors and Assigns all mines and minerals.

Terms of sale to be ten per cent cash at the time of sale and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendor's solicitors.

The above property will be offered for sale subject to a sealed reserve bid and free from all encumbrances, save taxes for the current year.

The vendor is informed that the above property is situated about three and a half miles from the Town of Whitha, where there is a Post Office and a Grain Elevator. The nearest school is 3-1/2 miles distant. The soil is clay loam. Eighty acres have been cultivated and another sixty acres could be broken at a nominal cost. There are no buildings on the land, but it is all fenced and there is a well on the place.

For further particulars and conditions of sale apply to

## To The Parents of Bow Island

The CHEAPEST and MOST NUTRITIOUS food for Children is PURE RICH MILK

When the Children come in thirsty and ask for a drink give them PURE RICH MILK as it not only refreshes but builds up, sustains, and invigorates the System generally

If those Children who were declared under the standard weight at the recent Medical Examination at the Public School are given a liberal supply of PURE RICH MILK it will help very materially to bring them up to the Standard Weight by the time of the next Medical Examination

WE HAVE IT—BUY IT FROM US

### Maleb News

Last Sunday night about 12 o'clock a fire of an unknown cause completely destroyed the shack of Mr. Tom Hart, he was out visiting and when he returned his house was ablaze, no fire had been left in the place and it is thought that a mouse must have been chewing at a box of matches thus starting the fire. It was fortunate the wind was not blowing in the direction of his Garage and barn or else all would have been destroyed.

Everybody is sorry that Mr. Hart lost his house, especially when times are so hard

Mrs. Rauld and Mrs. R. Geldreich were visitors at the home of Mrs. Bull last Friday

Mr. and Mrs. T. A. Reynar and family were the guests of Mr. and Mrs. Strom south of Burdett last Sunday

Mrs. Hare visited with Mrs. G. M. Gibbons on Sunday

There was quite a crowd of members and several visitors out to the U.F.W. A. meeting last Thursday

The next meeting is to be held at the home of Mrs. F. Keene on Tuesday June 20th, at 3 p.m.

Mr. and Mrs. S. Bull and son Arthur spent Sunday at the home of Mr. and Mrs. Matthews at Nemiskam

Mr. and Mrs. R. Conquerwood were visitors at the home of Mr. and Mrs. L.M. Smeal on Sunday last

A meeting was held to discuss the Grasshopper Menace last Saturday at Westfield to urge all Farmers to be on the look-out for Grasshoppers

## Lethbridge Herald

Believes In  
Fair Play And Loyalty  
To Your  
Home Printer  
By Not Sending Your Printing Work Out-Of-Town

"The Lethbridge Herald" gave a fine display of its keen sense of "Justice to All Men" in its issue of last Saturday the 27th. May 1922 (See page 13)

It is such things as this, that gives just that "One touch of Nature that makes the whole world kin" and leads Towns to "Real Progress"

May such "Sterling, Manly, and Upright Principles" long remain the "Ideal and Guiding Star" of the "Lethbridge Herald"

All Citizens may well strive to Emulate that worthy spirit of "Justice" shown by the "Herald"

The following are the paragraphs quoted from the "Herald"

### Advertising Towns

Not a single piece of mail matter should leave your Town without a Slogan Seal printed thereon. A special Slogan, selected in a Contest, should be worked into a Design and always used by printers Local of Course, for "No Job Printing Should Be Done Outside Of Town."

It is advisable to create an Advertising Appropriation for a Town even if the Amount is Not Large. The self-knowledge by the Citizens that their Town is strictly up to 1922 in Commercial Club Methods to the degree of Municipal Advertising Appropriation will Accomplish Wonders; that is, will develop a Community Spirit of widespread wakefulness which will Most Surely get a Town somewhere along the Road of Progress

Methods of Advertising a Town will appear as soon as the Citizens Attempt Something. The important item is to begin and keep a-going, when ways and means will be developed rapidly.

Commercial Clubs could well afford to run a Page Advertisement in their Local Papers regarding Home Industrials. If an Industrial Show pays locally, so will Local Advertising; it is all Education in Local Loyalty.

## WINNIFRED NEWS

From Our Own Correspondent

Mrs. H. Luther has moved from Winnifred for the summer, to their ranch near Pekoka, and is leaving it out with her little daughter Margaret, we hope she returns with health much restored

What might have been a very serious affair was averted by the quick action of Mr. Win. Oelke, he was sending and his little boy was riding with him, the little boy fell off the seeder between the wheel and body of the seeder and Mr. Oelke lifted the lever quickly and pulled his little boy out, it knocked the breath out of the boy, but he was alright in a short time; we are glad to note it was no worse

Mr. Bob Connor living south of Winnifred accidentally took a dose of Iodine by mistake which nearly killed him, the Doctor was phoned for and he phoned and told them of an antidote but the Doctor also soon came and Mr. Connor was taken to the Hospital at Medicine Hat, his family were greatly distressed over the mistake, we hope if it is the Will Providence that he may recover

And now the farmers are thinking seriously of when the cut worms also were worms will vacate their wheat fields and really this is a serious time in which we live so many pests to destroy vegetation and sometimes we wonder what will the end be

Wood comes from Magrath that Ed Woods and family are nicely settled in their new home and are much pleased with their surroundings, we wish them much success in their work

Mrs. Thelma Long is visiting her parents here at Winnifred, Thelma is a high school student at Medicine Hat and we are hoping she makes a grand success of her school work for there is nothing better than knowledge

If the people here in Western Canada could know the tree called the Siberian Fox Tree and see its beauty and how drought resisting and tenacious of life it is, there would be more of them planted, it is readily grown from seed and is a very rapid grower

### Impounded

Impounded on the 3rd. June, in the Pound on S.E. 1/2 20-10-10 W. 4th kept by the undersigned

1 Bay Mare white spot in face, one white hind foot, has colt at side  
1 Grey Mare about four years old  
1 Bay Mare white spot in face, branded on right shoulder

1 Black Geldling with spot in face two white hind feet, about three years old.

Three Horses and one Colt all branded

T. Burns—Poundkeeper  
Burdett, Alta.

## Casey's Minstrels

will give TWO PERFORMANCES in  
Bow Island

on  
Saturday June the 10th.

in the  
I. O. O. F. Hall

Commencing at 4 o'clock and 8-30 p.m.

ADMISSION Afternoon 20c. Night 50c.

## Police Court

BOW ISLAND

Agnes Bedard of this district appeared at 7:30 p.m. on Tuesday June 7th. before R.H. Robertson J.P. and Geo. Lomas J.P., charged with theft of a land wheel alleged stolen from a John Deere Plow the property of H.L. Taylor

The defence objected to the information to obtain a search warrant the same being improperly made out and was therefore illegal the case was dismissed

### Heavy Rains at Bow Island and Surrounding Districts

Heavy Rains were welcomed in Bow Island and surrounding Districts last Monday night, Tuesday and Wednesday

It looks as though Southern Alberta will beat the Northern part for Rains this year. We can do with it.

## Creston News

The Kaslo Baseball Team invaded our Valley last Saturday and took a trimming by our local team, the score was 9 to 12, O Boys I was got trimmed in return last Sunday by those lumber jacks from Weyburn the score was 10 to 14 in favor of the visiting team; it was one of the best games ever played on the Creston diamond

The Goat River has been on a rampage but lacked a lot of reaching as high as last year, some think the flood waters are past but the Lake is backing up and it looks as though the water would be deep on the bay lands on the flats

Mrs. Anderson formerly of Retlaw, Alta. is reported on the sick list at her home at Duck Creek

The Winslow Saw Mill at Duck Creek is running at full capacity and reports that the outlook for the lumber trade is good

C.O. Rodgers of the Canyon City Lumber Co. has purchased a small portable Saw Mill and will put it on his timber limit near camp this being considered cheaper than hauling his logs to the City's larger mill

Some complaints are made by some, that certain Mills are advertising for men and are not paying a "Living Wage" it would be best for men to visit and find out the wages before starting for the mills

Mr. Smith in the employment of the B.C. Govt. as Appraiser of lands, is at work near here and it is expected that some lands will be on the market for sale before long

Several parties are touring the valley this week and some are looking for locations

The Creston Band gave an open air concert last Saturday and the musical treat was greatly appreciated, the citizens are proud of their band and consider it one of the best assets to the valley

Spraying is the order of the day with the ranchers, they all seem delighted with the prospects of a good Fruit Crop

To Be Read at Least Twice

Poor Father

"Go to Father," she said  
When I asked her to Wed.  
Now she knew that I knew  
That her father was dead.

And she knew that I knew  
Of the life he had led.  
And she knew that I knew  
What the meat when she said,  
"Go to Father."

## Bow Island News

(Continued from front page)

The U.F.A. held their meeting in the G.W.V.A. Hall last Saturday night, after the usual business was gone through, a dance was put on which continued until about midnight which was enjoyed by all

Miss McKillop spent the week-end at Medicine Hat

J. B. Soll of Foremost, and Miss Haffney of Foremost, Government Nurse, are both visiting with Mrs. Sennebogen for the weekend, they will return to Foremost on Saturday

Mammoth Grain Elevators at Montreal

One of many Grain Elevators in Montreal

The new Canadian Pacific liner "Montcalm" 16,200 tons, will run between Montreal and Europe next season.

Tha. the second largest port in America is five hundred miles from an ocean, may appear an impossibility to many. However, it is a fact. Montreal, the metropolis of Canada and the fifth city of North America is this port on the St. Lawrence River, 550 miles nearer to Liverpool than is New York.

The vast tonnage of grain grown on the western plains of Canada and the United States, a large proportion of which is shipped to Europe, has been the main factor in the development of the Port of Montreal which is to-day the principal American port for the export of grain.

This grain is brought by train and lake boats to two mammoth elevators in Montreal and from them loaded into ocean freighters. Nine boats can be loaded simultaneously from these store-houses.

In order to handle the millions of bushels of grain expeditiously this harbor is equipped with sixty miles of railway and twelve miles of wharves. Harbor improvements have absorbed over thirty millions of dollars and additional improvements have been planned which will cost for more millions. To-day the harbor can accommodate one hundred steamships from 350 to 750 feet in length, providing depths of twenty-five to thirty-five feet of water. During 1921 twelve steamship lines used Montreal as a terminal and approximately one thousand vessels arrived at and sailed from this harbor.

Montreal has attained her prominence as a great port with the handicap of a seven months navigation season and during this past season exported 119,000,189 bushels of grain. This was more than twice last year's volume and over forty-four millions more than the previous record year of 1914. Exports of Canadian cattle is growing to such proportions that more accommodations are needed. About twenty additional trans-Atlantic passenger steamers are scheduled to use Montreal as their western port and additional cargo steamers are also expected to run to open the Canadian metropolis and European ports.

This delightful French-Canadian city whose site was selected by Champlain, and which has been popular with tourists because of its historical features, is fast becoming a great commercial centre.

## USEFUL FOR OVER 500 PURPOSES

Gillett's Lye can be used for so many purposes that their enumeration here would be impossible. For example, Gillett's Lye can be used for making soap, in washing dishes, also as a disinfectant. For softening hard water. As a means of removing grease and smoke stains. These are only a few of its many uses, but they serve to indicate what has made Gillett's Lye such a general household utility to-day.

Decline Substitutes.

Made in Canada.

## Fur Farming

Sanitation and Cleanliness Are Essential for Success

In my last letter I told of the possibilities of fur farming and why it should be profitable in the west. I will now try to tell you how it should be carried on to have the greatest increase in your stock.

There are some very important things to consider in fur farming. The most essential are to get the very best stock to start with. Another is proper feeding and still another is the sanitary problems of your ranch, which if neglected mean failure to produce the kind of animal that brings the highest market price.

Wild animals in captivity are not subject to many diseases if sanitation is strictly enforced. To do this one must start early in the spring or as soon as it is advisable to go into the ranch and keep everything scrupulously clean in the pens and houses, and if the houses are sprayed once a week with creolin, using a fine spray, fleas will be kept away and you will not have to use anything on your animals. All feeding dishes should be first washed in clean water and then boiled or set in the sun until again used, and every dish used in preparing the food should be treated the same after it has been used.

All food that is carried over from one meal to another should be protected from flies, etc., either by screens or in a cooler, and food should be fed as fresh as it is possible to procure it. It is true that no animal will eat food that has gone bad, but it is just as true that food that is not good for them will sooner or later cause trouble.

It is better to feed milk in the evening after the weather becomes hot and muggy, as it does not sour as quickly in the cool of the evening as it does in the sun of the day.—W. G. Church, Inspector.

## To Improve Business

Business men are talking too much about the number of men out of work and the lack of buying power. There is a psychological reaction to hard times that makes people sit back and wait for better days. One of our salesmen came back from a neighboring city with a report from a dealer as to the great number of men out of employment. Our sales manager sent this salesman back to investigate and inform the dealer of the number of men employed. A Sales Magazine—Willard Sellers in Forbes Magazine.

## RHEUMATIC TREATMENT

This Trouble Can Only be Got Rid of by Enriching the Blood  
When the blood becomes thin so rapidly as in rheumatism. Not only does it become thin, but it is loaded with rheumatic poisons. With proper treatment these poisons in the blood, the general health is undermined, the inflamed joints swell, and the sufferer becomes crippled.

Dr. Williams' Pink Pills build up the blood and enable it to cast out the rheumatic poisons with the natural secretions of the body. They act on the joints and benefitting the general health. Several people's statements are offered by Mrs. George Stanley, Sparta, Ont., who says:—

"For a number of years I was troubled with rheumatism, which at times was so bad that I could scarcely do anything. My general health was getting a good deal, but did not get any better, until one day my daughter brought me a box of Dr. Williams' Pink Pills. By the time these were used I had noticed a slight improvement, and I continued taking the pills until I felt like a new person, and looked like one. I could do my work with the best of ease. I received the best of health. I have since recommended Dr. Williams' Pink Pills to several others who received the same benefit."

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your normal energy. You can get these pills through any medicine dealer, mail order house, or you can get a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

## Rules for Feeding Dairy Cattle

Sudden changes in Feeds liable to Cause Loss in Gains or Production

The Dominion Animal Husbandman sets down in No. 63 of the Experimental Farm Circulars three very concise and explicit rules for feeding dairy cattle. The first is: Never overfeed; the second, Feed according to the individual needs and desires of each animal; and the third, Feed regularly both as to the hours of feeding and the character of the feed. Relative to the last, the Animal Husbandman points out that sudden changes in feeds are liable to cause not only a loss in gains or production, but will often induce ailments such as diarrhoea, bloat, milk fever, etc., all of which are described in the circular with suggested treatment and remedies.

## Seeing Good in Everyone

We may, if we chose make the worst of one another. Every person has his weak points, every one has his faults; we may make the worst of these; we may fix our attention constantly upon these. But we may also make the best of one another. We may forgive, even as we hope to be forgiven. We may put ourselves in the place of others and ask what we should wish to be done to us and thought of in their place. By loving whatever is lovable in those around us, we will draw love from them to us and will become like Heaven; and we shall become not unworthy followers of Him whose Eternal name is Love.—Dean Stanley.

Women represent nearly 40 per cent. of all the bank depositors in the United States.

Quito, capital of Ecuador, is the only city in the world located on the equator.

Some people can attract only by slandering the doers.

## WORLD HAPPENINGS BRIEFLY TOLD

The United States Red Cross, after eight years of work, during which it expended more than \$400,000,000, will close its main activities in Europe at the end of June.

The Galtsover Creamery in Tipperary has been burned. It was one of those taken over from the owners, the Cleaves Bros., by the workers, who looted a red flag over it.

Fin Malmgren, a young Swedish scientist, is leaving for Seattle, Wash., to join the Amundsen North Polar expedition, according to a Reuter despatch from Christiania, Norway.

The economic treaty between Poland and Germany settling the Upper Silesian question between the two states, was signed in the presence of the Council of the League of Nations and many other interested spectators.

The Grandview Branch of the Royal Bank, Napier Street and Commercial Drive, was held up by three armed men and robbed of \$1,000 or \$1,500 in cash. The men escaped in an automobile.

The Corporation of Glasgow has made a profit of at least \$100,000 on the sale of war stock holdings in which £1,500,000 was invested in war time in order to give a patriotic lead to the public.

The total value of the fisheries of the prairie provinces and Yukon Territory in 1921 was \$1,713,327, a decrease from the previous year of \$24,439 or 15 per cent., lower prices for nearly all kinds of fish being responsible for the decrease shown in total value.

The crews of four German steamers, which for weeks were leebound in the Gulf of Mexico, were supplied regularly with fresh bread by Latvian military aviators. Fishermen reported the vessels running short of provisions and steamed from Mexico making trips every few days carrying food for the sailors, the bread being dropped in sacks on the ice near the hemmed-in steamers.

## Crop Report Shows Increased Acreage

According to the first season's crop report of the Canadian Pacific Railway the total acreage prepared for seeding in the three prairie provinces is 14,463,548 as compared with 12,753,529 in 1921, an increase of nearly 20 per cent. Manitoba has an increase of 14 per cent. in both summerfall and fall ploughing. Saskatchewan an increase of 12 per cent. in new breaking and 95 per cent. in summerfall; Alberta shows an increase of 64 per cent. in new breaking and 24 per cent. in summerfall.

Nation-wide Fame—There is scarce by a corner of this great Dominion where the merits of Dr. Thomas' Electric Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, lumps back and many other ailments arising from inflammation. Rubbing on the skin its healing power is readily absorbed, and it can also be taken internally.

Past Winter Good for Trappers According to the mail received from the far north the past winter has proven a most successful one to the Indians and Eskimo trappers, and good catches of furs are reported. Bounding prosperously in the far northland is the keynote of all advices received.

Bad Job  
Hobson—Sir, I am a self-made man.  
Dobson—Who interrupted you?

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother's Friend Worm Expeller.

The orange was originally a pear-shaped fruit about the size of the common wild cherry. Its evolution is believed by naturalists to be due to 1,200 years of cultivation.

Many "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists. Aspirin is the trade mark registered in Canada of Bayer Manufacturing of Monroville, Pennsylvania. Where it is well known that Aspirin means the Bayer Company and its registered trade mark, the "Bayer Cross."

Meat Dishes Rare in Greece In Greece there are hundreds of families who never taste meat during the entire year except on New Year's Day and at Easter.

Now She Doesn't Need The Doctor

WHY JOHN HAMIL PRAISES DODD'S KIDNEY PILLS

When He Found Them Use His Wife's Relief. That's why John Hamilton, Sask.—(Special)—Mr. John Hamilton, a well-known highly respected resident here, is a firm believer in Dodd's Kidney Pills. I speak on behalf of my wife, Mr. Hamilton says, when he asked the reason why. "I have been ailing for some time. I had doctors attending her but she didn't seem to get any better. At last I found Dodd's Kidney Pills and my wife found relief. She kept taking them from time to time. Now she doesn't need the doctor."

"Also since childhood Mrs. Hamilton has been a sufferer from constipation. She found relief from that in Dodd's Kidney Pills." Nineteen of the pills that dog the pathway, suffering women come from diseased kidneys. Ask your neighbors if Dodd's Kidney Pills do not make strong, healthy kidneys.

Timber Wealth in North

Country up to Arctic Circle is Thickly Wooded

The increasing penetration of agricultural settlement, the extension of the trapping field, and perhaps above all the discovery of oil and valuable minerals in the area, indicate more exhaustive exploration, have made the sub-Arctic north of Canada more generally known and have revealed resources not previously known or widened the limited knowledge as to their extent. One of the resources of this great area of which little is generally known is its timber wealth. This, according to the Canadian Forestry Magazine, is sufficient to supply the country for a number of years. This, according to the Canadian Forestry Magazine, is sufficient to supply the country for a number of years. This, according to the Canadian Forestry Magazine, is sufficient to supply the country for a number of years.

### Burdett News

A great many people from this district went to Bow Island on Thursday last to see the Ball game and some stayed for the dance.

Mr. Geo. Lomas was a visitor to Bow Island on Tuesday.

Mr. and Mrs. T. A. Reynar spent Sunday at the home of Mr. Strom.

"Highfield are Victims of Burdett Rookies"

In an exhibition game held in Burdett between the Highfield Ball Club and the Burdett Rookies, the Highfield boys were defeated to the tune of 18 to 7.

The "Rookies" were kindly to field

the Slanto of Messrs. Enard and James, who were in the box for the visitors. Enard being unable to hold the Rookies down was relieved by James in the 6th, inning, but the Rookies being to the onslaught, James was unable to stop the onslaught.

The sensation of the game was the home run by A. Maroux of the Rookies, in the 8th, inning, with one on bases. E. Rising who did the hurting for the Rookies pitched a very moustery game.

There was a very good crowd in attendance, and seemingly they all enjoyed the game.

Batteries  
Highfield: Edgar, Board, S. James; and K. Yean; E. Maroux and F. Liddle.  
Burdett: E. Rising and D.L. Mann.

### GRAND CONCERT AND DANCE

ADMISSION: 15c--25c. DANCE 50c Extra for Gents

Good Orchestra Music for Dancing  
Everybody Come and have a Real Treat

### Burdett News

From our own Correspondent

The many friends of Miss Alice Poole will be interested to know that in the recent musical Examinations for the Royal College and Royal Academy of Music in London, held in Calgary under Edward G. Croager was successful in passing all her examinations with honors. She is a student of Madame Ellis Browne.

This examination took place in Calgary May 24th.

Mr. Marsh of the Stacey Lumber Co. was a business visitor in town on June 1st.

On Friday June 2nd, the Junior Ball Team gave a dance to raise funds, it was an ideal night and a fairly good crowd turned out to enjoy a pleasant evening.

Owing to the absence of the Pastor, who was at the conference at Edmonton, there was no sermon on Sunday evening, but the service took the form of a song and story service. Mr. K. Brown read the story of L.E. Greenfield on the Labrador coast, which was interspersed with hymns and songs of a missionary nature. Miss Alice Poole rendered two solos, "The Lord is my Shepherd" by Liddle and "He shall feed his flock" from Handel's Messiah. Miss Poole who has been studying vocal music in Calgary, has greatly improved in her singing and those who heard her predict a great future for her.

Where is our Village Pound?  
Where is our Village Council?

The Village is over-run with all kinds of Animals. It is bad enough to have our yards "mussed up" with Cows and Horses, but the Law should be enforced when it comes to Bulls. For the past week there has been one of these animals roaming at large within the Village precincts, and the mothers of the village ask in the name of Decency to have it shut up or taken out of the Village on to one of the Farms.

### The Country Newspaper

#### The Paper From Home

There lay on a stand in the marble hall Of a city mansion with towers tall, A country Paper in its wrapper plain, Almost unnoticed, or scorned with disdain.

By the liveried servants there

Amid the Splendor of Wealth it lay In its Humble Garb, through the long, long day;

Till the master came at evening To lay for a while his cares aside

Afar from the city's din

When he saw the Paper a kindly smile Wreathed his face for a while

In calm content he settled down With the Paper that comes from his old town home

That he loved in the days of yore

As he scanned it's homely pages

Through On Memory's mirror appeared in view Familiar scenes and the faces of friends

With the Glad Delight that Memory sends To a Heart that is ever Young

He was back once more in the summer days With the chime he knew in boyish plays

Diving into the swimming pool Below the mill, with its depth so cool,

In eager youthful play.

He roamed again 'mid woods and fields Through orchards with their fruitful yields;

Through meadows green, and the lane Where flowers wild still bloomed again

As in the bygone days

The Sabbath evenings calm and still; The country Church upon the hill,

Where he humbly knelt by his mother's side

Before his foot steps roamed away To seek ambition's goal

These "Treasured Memories" come near to tears, So often lost through passing years,

Crypt softly back with pleasure run To smooth the lines that time and care

Had written on his brow

So the simple sheet with its homely face Goes forth by time to find a place

In the "Heart of Man" whose eyes grow dim

With Tender Memories brought to him When the Paper comes from home

In the above lines, You peep into the innermost depths of a "Real Man's" heart that any "Man" might be proud to have: "Pure, Loyal, Tender and True," and mark You had "Brains" enough to "Win Success" he was not a "Waster"

## A Famous Sea Captain

Late Commander of the "Empress of France."

Late Captain Cook

The high esteem in which the late Commander Ebenezer Cook was held manifested itself at the funeral which was attended by a large throng of mourners, colleagues and friends. The funeral service was offered at St. Luke's Presbyterian Church, Great Crosby, the service being conducted by the Rev. J. Vaughan, M.A., Vicar of Great Crosby. Captain Cook was a prominent member of the Masonic Brotherhood.

"Empress of France" arriving at Quebec, on which Captain Cook made his last trip to Canada.

promoted to chief officer of the "Tunisian" and he became the Commander of the "Orcadian" in 1907. On the commencement of the war the Admiralty placed him in command of the "Victoria," and later he was given the command of the "Albatross" at that time flagship to the 10th British Squadron of the North Atlantic. Following the Armistice, the Canadian Pacific Company retained him as commander of the "Albatross," which liner, following her conversion from war service, was renamed the "Empress of France." Captain Cook has since sailed regularly on this liner, and he was very highly recommended by ocean travelers, including such distinguished passengers on the "Empress of France" as the Duke and Duchess of Devonshire, Lord Byng (Governor General of Canada), and the Hon. Mr. A. J. Balfoer.
